

PROMTECH CONSULTANCY GROUP

Be Your OWN BOSS : Start your own Manufacturing / Trading Business
Add NEW DIMENSIONS to your Existing Business : Easy to make Products
Excellent Future : 50% + Returns : Outstanding career Building opportunity
STOP IMPORTS : Save 50 % on Purchase Costs. Get These Products manufactured Locally

Available TECHNICAL KNOW-HOW & Mfg Formulations from PROMTECH Consultancy
ZINC RICH PAINTS for Cold Galvanizing : Know-How Transfer Fees USD 3000
ZINC METAL SPRAYS 500 ml Aerosols : Know-How Transfer Fees USD 3500
AEROSOL PAINTS for Powder Coating Touch Up : Know-How Transfer Fees USD 1500
MRO Aerosol Products : Car-Care Products: RAL Paint Shades Formulations : USD 500 to 1500
600°C H R Aluminium : Liquid Paints METALLIC Finishes : Our Formulation Fees : USD 1500

APPROVALS & RECOMMENDATIONS: All our Products confirm to the requirements of respective INDIAN, American, British & European Standards. Our ZINC RICH PAINTS & Sprays offered for Cold Galvanizing are Tested , Used and Recommended to their vendors by RIL ; REIL, NPCIL , BARC , Zenith, IIT, TATA Intl, ACC, ULTRATECH, DOKA, INDUS Towers, BGR Energy, L&T, SP, DODSAL & Most Hot Dip Galvanizers / EPC / INFRA & Power Sector Cos.

: Credentials Of Consultants : PROMTECH Consultancy is headed by Prof PRADEEP VAIDYA : Has 40 + Yrs of Chemicals Mfg Experience : has promoted and successfully run NINE Manufacturing Companies in Thane & Pune. Has worked with the Top-most Paints Industry in R & D has worked as a Professor for 25 Yrs at Mumbai University : has Mfg Plant at MIDC Pimpri : Pune Has huge experience in Metal Pre-Treatment Chemicals, Paints, Anti Rust Coatings mfg : Metal Cleaners Mfg : Pradeep has undergone Technical and Commercial Training at CBI HQ at Rottadam , Amsterdam, Nurnberg, Paris and England. A Technical Training Course in Metal Finishing at Institute of Mechanics in Poland, Zurich. Pradeep is working as Educator / Consultant for GLG New York, London & Shanghai :CBI Rotterdam & Amsterdam : Pradeep has attended more than 50 Technical Seminars and Exhibitions on Anti Corrosion Paints & Coatings All over the World. Pradeep has Worked as Approved consultant by MPCB (State Water Pollution Control Board) for Cyanide, Chromium & Electro-Plating, Heat Treatment & Chemical waste water Treatment processes Pradeep has worked as ETP Consultant for hazardous industrial waste waters to 10+ Defence Factories, approx 150+ Private and PSUs in India

TECHNICAL KNOW-HOW & Mfg FORMULAE offered for METAL PRETREATMENT CHEMICALS Anti Rust Chemicals & Coatings

SALIENT FEATURES : ALL COLD MIXING Formulations : Easy To manufacture: Local Raw Materials
NO POWER : No Effluents : Process Time under 60 Min. 100% Yeild : Abundant Local Buyers: Shortest Pay Back Period
No LOSS OF TIME, Energy & Money Products Selection, R&D & Market Research: START BUSINESS from Day One
RUST CONVERTER : Rust preventive, Rust converter & Metal Primer for MS Fabricators : Know-How Fees USD 2500
SS Pickling & Passivation Range : 5 Products for Weld Cleaning & Passivation of Fabrications: Know-How Fees USD 3500
7 Tank ZINC PHOSPHATING Range Chemicals for Metal Pre-Treatment of Mild Steel : Know-How Fees USD 1500
5 TANK ALUMINIUM CHROMATIZING Chemicals for Powder Coating Plants : Know-How Fees USD 1500
De-Watering Oils, Corrosion Inhibitors, Paint Removers : Rust Preventives : NDT Chemicals: USD 750 per Product

Who Can take this offer : YOUNG GRADUATES , VRS Technocrats : Tiny & SSI Units Planning Expansion Powder & Paint Dealers Oil & Gas :

Off-shore Supply Firms : All those NEW GENERATION TECHNOCRATS who want to start their own Manufacturing or Business back home :

POWDER COATERS & PAINT Shop Owners : Make your CAPTIVE Requirements of all PTP chemicals IN-HOUSE with our Standardized formulae:

You save 45 to 50% on purchase cost of chemicals . You can manufacture these PTP Chemicals, by cold mixing, batch size upto 100 Kgs/Ltrs with LOCALLY available Raw Materials : Processing Time for BATCH COMPLETION : 30 to 60 Minutes : **ZERO DISCHARGE FORMULATIONS**

EFFLUENT TREATMENT & Waste Water Treatment Promtech Consultancy offers PROCESS KNOW-HOW for waste water treatment coming from Electro-plating Plants, Powder Coating Plants, Heat Treatment & Metal Refining Plants, Pesticides and Insecticides Mfg Plants. Our charges for initial Project report submission is USD 500. The Treatment Process & our project report will be based on process input from the buyer. We specialize in CYANIDE/CHROMIUM Industrial Waste water Treatment Processes . We have offered consultancy to nearly 150+ Companies in India. Offer includes Making Project Report, Neutralization Process & Analytical Training to Plant operators at the customers Plant. For in-plant Technical Training to your staff, our charges USD 1500.

YOUR BENEFITS : No Import Duty: No waiting period NO Customs & Import Duties : No Freight & Forwarding : Customs clearance : Insurance YOUR SAVING 45 To 50 % . You become Most Competitive : **Mfg PROFITS : 50%+** You pay only ONE TIME CONSULTANCY & Formulation Fee

Fees for Preliminary Techno-Commercial discussions & Actual Mfg Process Witness Trials : For all those Technocrats, who wish to see the actual Mfg Process of Pre-Treatment Chemicals, We arrange a visit of your Technical staff to our Pune Plant . **Our Charges of USD 500** (Adv Payment thro Bank) for such a Visit., **For Plant Scale Mfg Demo of AEROSOL PAINTS & MRO AEROSOL Products** , we will organize a Plant Visit of your Tech Executive to our Navi Mumbai Plant can be arranged against payment of advance **Fee of USD 750.**

Preliminary TECHNO-COMMERCIAL discussions on all our products & consultancy services can be held at your office Plant. in this case our visit charges for 4 days are USD 1000 + Air-Travel, VISA , Accommodation & Incidental charges of USD 100 per day will be payable.

OUR FASTEST SELLING PRODUCTS for ALL Engineering Fabricators

ZINC METAL SPRAY
COLD GALVANIZING SPRAY PAINT
Grey Finish
Chromate Conversion Protection
Excellent atmospheric Corrosion Protection
Conforms to requirements of ASTM A 580 & IS 10117
Contains 500 Hrs Salt Spray

ZINC BRIGHT SPRAY
COLD GALVANIZING SPRAY PAINT
Silver Bright Finish
Chromate Conversion Protection
Excellent atmospheric Corrosion Protection
Conforms to requirements of ASTM A 580 & IS 10117
Contains 500 Hrs Salt Spray

BRITOSS GEL
SS 304 316L PICKLING & PASSIVATION GEL
Confirm to requirements of ASTM A 580 & IS 10117
ROHS Compliant

RUSTOFIX 1411
RUST CONVERTER
Excellent Anti Rust Primer for RUSTED MS Structural Fabrication before Painting / Coating

ZINKOTE PREMIUM
Cold Galvanizing ZINC RICH Touch-up PAINT for all damaged scratched Welded GALVANIZED FABRICATIONS

UNISTRIP D
Dip Type POWDER & PAINT STRIPPER
Best Paint Remover For Conveyor Hooks Attachments

IMPORTANT BUYER INDUSTRIES
Hot Dip Galvanizers : CABLE TRAYS: Transmission Line Towers : Gratings: EPC , INFRA & Structural Fabricators HVAC & Air Conditioning Ducts Mfgs
OIL & GAS : Off-Shore Platforms : Chemical Plants & Equipments Mfgs Tank Farms , Silos & Pipe-Lines : PEBs
Power Plants: PTD & Chemical Plants Trusses : Chimneys & MS FABRICATIONS SS 304 & 316 Chemical Plant Fabricators

Promtech Consultancy will offer the Technical Know-How and Manufacturing Formulations in the form of a PDF Report The Buyer has to make the Payment thro Swift Bank Transfer Credit into our Account. The Know-How Transfer project will be sent on the personal Email Id of the buyer. This report will contain all the generic & Brand names of Raw Materials: The manufacturing Process details, in a sequential addition. All Raw Materials and End products have shelf-life 2 yrs plus Promtech will also offer supporting technical services viz: preparation of Product literatures, TDS & MSDS for extra fees. All products performance is standardized. We are currently manufacturing all these products at our MIDC Pune factory.
