Benefits of Starting Your Own business: BE YOUR OWN BOSS. NO REPORTING to ANYONE . No TARGET based working. Total freedom of decision making. Set your Working Hours. Decide your Income Targets. Expertize, Money & Experience generated thro your own hard-work will be yours. You will plan your future course of working for your personal Elevation, progress & prosperity. Great pleasure & SATISFACTION OF SELF CREATION. IMMENSE CONFIDENCE BUILDING Within yourself . Sense of ACHIEVEMENT.

Why is PROMTECH CONSULTANCY offering the Know-How & Formulations : We nurse a strong desire that the expertize that we have acquired over the past 35 yrs, must be utilized for the benefit of the Young Graduates, Technocrats, and all those who did not get adequate opportunities at a proper age and time, to start their own industrial enterprises. **All EARLY STARTERS always stand to gain tremendous advantage in any business.** One can make proper use of Young age, Energy, Enthusiasm, Willingness & Capacity to perform hard work, capacity to digest successes and failures. Now with the vast expanse of all types of Industrial mfg activities spread across the length and breadth of India, huge market exists in every industrial town and city for almost every consumable & industrial product. **All industries prefer to buy from the local source .** This saves on distant suppliers profits, Sales Tax, VAT, CST, LBT, Inward & Outward Transport & Freight, Transit Damages, Insurance, Down-time, delayed supplies. **This saves nearly 50% costs.** **All Industries / businesses prefer LOCAL MANUFACTURERS, Trading Firms, to out-station / out of state suppliers to meet their requirements.** PROMTECH consultancy therefore has a very strong desire to propagate and promote **NEW INDUSTRY OWNERS** , Decision makers and Young Technocrats owned Business Enterprises in every industrial town in and outside India. Having fully understood the difficulties faced by us in the early stages of our own mfg business, we have decided to offer of high Demand Industrial Chemicals to Fresh Graduates and budding Technocrats. We charge very REASONABLE One Time Know-How Fees. Ranging from Rs 10000 to Rs to Rs 30000 For PTP Chemicals Our fees for AEROSOL PAINTS : Rs 15000 (Rs 2500 per RAL Shade) Rs 15000 for each MRO Products : Rs 30000 for NDT & MPT DPT Products

Benefits as a MANUFACTURER : Get the Status as INDUSTRIALIST. Opportunities of Expansion of business are much higher. **PROFIT MARGINS are MUCH HIGHER** Product improvement & Product customization as per buyers needs within your reach. **Long Term career Planning for your children.** No dependency on principles. Highest Level of JOB SATISFACTION. You Own a factory having diverse opportunities. **BENEFITS AS A TRADER :** Comparatively less investments & less risk. you can concentrate only in marketing activities. No production hazzles. You face more competitors. You will be fully DEPENDANT on your principle suppliers.

Service to Fraternity : In case this offer cannot be taken / considered by you; this write-up may be shared with your friends , colleagues Relatives & all such young technocrats, who you consider, will be benefitted in building bright future for themselves. You will have personally done a great social service and will earn satisfaction of guiding others, the near and dear ones, in your personal life.
